Family of the Four Winds,

On February 14th, Valentines Day, we will be present with people from all over the world who have been called. The great Event will happen at Lake Titicaca, where sacred energetic vibrations of the "New" Earth, will begin. All the ancient prophecies point to these powerful times and this location. They tell us that the light of the Sun (Son) will return to earth, opening the hearts of the global family. Not only is this a day for Love, but heart energies for the whole world.

Asking all of you to join with us on Sunday, February 14th, in your services, your meditations, your practices or in groups to hold sacred this day. It is suggested to us the powers of imagination, our ability to project clearly, and see yourselves entwined with thousands of people at Lake Titicaca.

See the sacred fires being lit as the many elders and shamans perform ceremonies that call in endless blessings of spirit for the entire planet. See Grandmother Spiders web of humanity opening its heart centers to the Source of All. Feel for the divine wisdom and allow the love to pour through the portal that is being opened.

Imagine all of us holding sacred space and activating loving joy into our own heart centers. See an infusion of love and joy releasing and eradicating the fears and anxieties that have burdened us for so long.

See our heart centers anchoring universal love and light into all the people of Earth. See the global family finally soaring to its perfect spiritual state of joy, happiness and hope.

I will be with you all on this day of the Heart and Love. Many blessings to come to us all.

Love, Sweet Medicine

(Out of the Country, yet very present in my heart and love for all of you!)
